

25X1

Re Survey

JY 11-26 September 1968

MEMORANDUM FOR:

[redacted]
Board of National Estimates

25X1

SUBJECT:

Collection Requirements

Attached is a copy of the report which I sent to the Director on 16 September 1968 on our accomplishments and shortcomings in implementing the recommendations contained in your Survey of December 1966. As the report paints a picture of considerable achievement and improvement, I suggested that he might wish to have you or one of the officers who worked on the Survey with you undertake a quick re-survey at the end of 1968 to see if the optimism is justified.

The Director agreed and asked that you undertake the assignment when the history project is out of the way. [redacted] has 25X1 several progress reports which may be helpful to you in this connection.

/S/ Rufus Taylor

Rufus Taylor

Vice Admiral, U. S. Navy

Deputy Director
